THE AI SUMMIT NEW YORK

December 6 - 7, 2023

Visit us at booth No.229

Javits center, New York City

Dear Valued Client,

We are thrilled to announce Greenstar Technologies' sponsorship and participation in the upcoming AI Summit New York. This prominent event will be held on December 6th and 7th at the Javits Center in New York City.

The AI Summit is an essential gathering for those immersed in the AI sector. It offers a unique opportunity to delve into the latest developments, strategies, and insights that shape the world of artificial intelligence. During the summit, industry experts will cover pivotal topics such as accelerating PoC, time to production, enterprise-wide AI scaling, responsible AI usage, regulatory compliance, and ensuring leadership buy-in, among others.

As leaders in providing platform-as-a-service solutions for energy utilities' digital transformation, Greenstar Technologies stands at the intersection of advanced computing, real-time machine intelligence, and state-of-the-art data management. With expertise in machine learning, artificial intelligence, and virtual reality, our platform empowers utilities with smart connected devices, enriching both enterprise software and edge hardware. Our commitment to innovation is further reflected in our pioneering approach to SaaS, with plans underway to host our platform at the National Energy Operations Centre (NEOC) in mainland USA.

We warmly invite you to visit us at Booth 229 during the AI Summit. Our team will be available to discuss how our AI-driven solutions can bolster the Energy Utility Sector and help propel your business objectives forward.

To ensure your spot at this notable event, please register at <https://newyork.theaisummit.com/>.

We eagerly anticipate connecting with you in New York.

Warm regards,

Beena Abraham
CEO
